- A major show is any horse show that is over five days. An additional charge of \$100 each day is charged for each day the horse is shown. If the horse shows more than two times, the charge is reduced to \$50 each day for the day the horse is shown. This is regardless of how much prep time the client does themselves. Clients that haul their own horses will be charged a double day fee at horse shows.
- Horses that are taken to horse shows, but are not shown, are charged ½ of the day fees. Also, these horses are charged for transportation one-way. All other charges apply, including shavings, stalls, tack room and hotel expense, etc.
